

# Maintenance, Repair & Overhaul Forecast Commercial Aviation

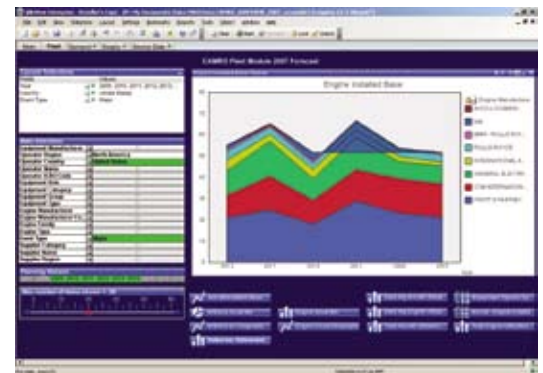

## OAG Aviation and AeroStrategy

Industry leaders, OAG Aviation and AeroStrategy, have joined forces to offer cutting-edge Maintenance, Repair and Overhaul (MRO) databases. Our suite of products includes analyses of the aviation MRO sectors for Commercial, Military, Business, Turboprop, and Civil Rotary Wing Aircraft.

Below, the market segments, deliverables and costs are described for the Commercial Aviation MRO Forecast — page three is an order form for the Forecast. For more information, please use the contact information located at the bottom of each page.

## Market Segments

- Airframe Heavy Maintenance – Includes scheduled maintenance at C-check and D-check levels
- Engine Maintenance – Includes major scheduled events: overhaul; excludes on-wing maintenance, major engine modification programs
- Components – Includes overhaul and repair expenditure for more than 20 ATA chapters
- Line Maintenance – Includes daily/transit checks, A-checks and weekly checks
- Modifications — Includes painting, avionics and systems upgrades, interiors/IFE upgrades, and Passenger-to-Freighter conversions

# Maintenance, Repair & Overhaul Forecast Commercial Aviation

## Deliverables

- A comprehensive MRO database providing a 10-year forecast of the commercial fleet, utilization and associated MRO spend.

The database is powered by the QlikView platform, a next generation Business Intelligence tool that allows you to slice and dice the data from various perspectives: back and forth, inside-out, and instantly receive a comprehensive MRO analysis that's not available anywhere else in the aviation MRO market!

- A PDF report summarizing the fleet and MRO analysis that:
  - Covering Western-designed fixed wing (jets and turboprops) aircraft operated by commercial carriers worldwide.
  - Outlines key delivery, retirement and utilization.
  - Provides MRO spend and also supplier market.

## Cost

Participants may purchase one or more focus area modules including:

- Airframe Heavy Maintenance
- Engine Maintenance
- Components
- Line Maintenance
- Modifications

## Pricing

- One Module: USD \$ 8,000
- Two Modules: USD \$11,000
- Three Modules: USD \$14,000
- Four or All Modules: USD \$17,000
